Please be patient.

I have a condition called
Primary Progressive Aphasia (PPA),
which can affect my ability to communicate.

Thank you for your patience and understanding.

How you can help:

- Give me time to communicate.
- Speak simply and directly to me.
- Do not shout. It does not help.
- Ask yes/no questions.

Check those that apply:

- Speaking takes a little more time
- Speaking is very difficult
- Comprehending speech is difficult
- Use simple drawings
- Writing key words helps
- Numbers are difficult for me
